'Let Your Light Shine' Matthew 5.16

Role Models....

There have been a couple of occasions where parents have overheard other parents/carers at pick up and drop off times-in and around the school using some swears language. Please parents and carers, remember that you are on show at all times. We are all role models and all set the standards for our children-not just your children, but for all children that use our schools.

The children will imitate, emulate and reenact the language and behaviour they see and hear. Our children are like sponges and absorb everything!

The playground and around our schools are places of ultimate security and calmness for our children-we nurture and show each other respect and kindness-modelled in front of the children so that they grow up to become respectful, kind and wonderful adults-ready to be the next role models for their children. Please parents and carers on and around our schools-keep the language positive, kind and clean and be the roles models for our children!

Thank you!

Half term....

Wow!

We made it to half term-well done everyone! It's been a long term and there has been lots of illness and sickness-both with students and staff. It really feels like half term is a good time to stop, recharge and do some cracking family things together!

There are some cool things to do at the end of this newsletter-as always we try to signpost events and things that are happening across the town and area-things that we think your children may be interested in!

With this newsletter emailed to you there is a bumper pack full of ideas and activities from our Nene Education Trust Team. We hope that some of the ideas will inspire and motivate you to do some wonderful things together as a family.

Whatever you do, please have a very happy and healthy half term break-read as much as you can with your children (because that is the difference maker) and laugh as much as you can together. Have a great time.

See you at the gate-in a week or so!!

Mark Currell

Four's food feast....

Year 4 have been cooking in DT at St Peter's. here are the recipes as written by the children who actually made them and tasted them! Here we have chefs of the future....

Soup

So, we cut and peeled the potatoes and we had to cut them into small chunks. We peeled the onions and the garlic. There were lots of tomatoes! We put all them in a bowl, mixed and then poured everything into our soup maker!

We had to wait about 20 minutes for it to be ready-but when it came out, it was all smooth and soft. It tasted wonderful (a bit like marshmallow-with no sugar!?)

By Koby.

Pizza

When we made pizza-this is what we had to do... First we put 200g of plain flour and a pinch of salt in a bowl. We added two big spoons of yogurt and a tiny bit of water. Me and my group worked together to mix it all together to make a dough. We rolled it and rolled it-if it was too sticky, we added a bit more flour. We used a floury rolling pin to roll it out to a pizza shape. We put some tomato puree in the middle and spread it out with a knife. We sprinkled some cheese on the top and put it in an oven.

When it has finished cooking-feast on your delicious pizza! It doesn't have to be a normal pizza-it can be a square or even love heart shaped for valentine's day! You just need to make sure you have enough space in your oven!

By Jessica A

Pizza

First you need to put one teaspoon of salt in the bowl. Next you need to put in 200g of flour but be careful-if you do this part wrong-your pizza will be ruined! Then add two big spoons of yogurt and a little water and mix until it is a smooth dough. Then make it into any shape you like-add some sauce, cheese and put it in the oven for the correct time and you're done! You have a yummy pizza!

By Isabelle

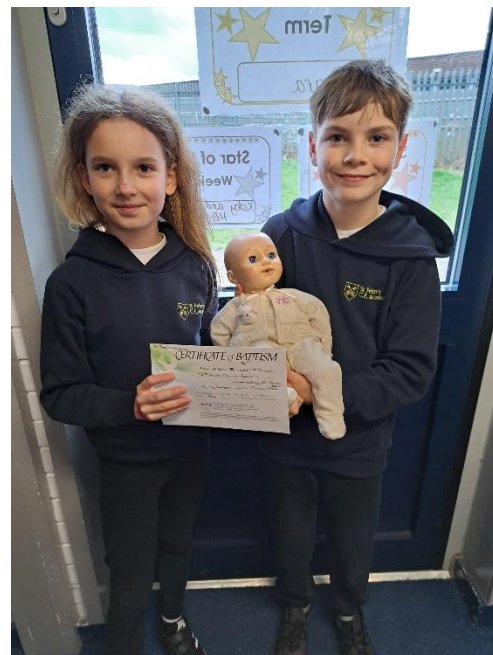

Alongside this, the children learned this week how to make bread rolls and in year 5 they were creating Bombay Potatoes! It's been a real catering school

this week-the children have been making, tasting, testing, learning and creating yummy things!

What did we learn?

We learned about holy water and how it is used in a christening. We learned about the plug and where the water goes under the church!

What was your favourite part?

I liked it when we looked back through the book of those who had been baptised-there were a few names that we recognised!

When you have been baptised, you get a certificate!

Church visit...

This week, Year 4 visited St Peter's Church. We were learning all about the baptism service. This recount is written by **Daniel in St Andrews....**

What did we do?

We went to the church and we learned about and practiced a baptism. We learned all about the water in the church and the water going over the baby.

Chinese New Year...

These accounts have been written by our year 3 students.....

Last week we had Chinese New Year's Day! We had a parade with a dragon head and a lion head. Some children held a parasol and some had a fan. It was really fun and we learned so much. Then we drew around our hands, cut them out and made them into a dragon- we drew scales all over the red dragon!

Last week we had Chinese New Year! It was marvellous. First we did a lion dance. I was the head, then we acted all the animals. We learned all about Chinese New Year-like did you know that red is very lucky? We had lots of photos and we performed as a parade. Back in the classroom we made a dragon out of hands and dragon crowns-my one was mostly green, blue and brown.

Parents evenings...

Just a heads up.....

Next term's Parents Evening Bookings open at 9am on 26th Feb and close on 15th March at 15:30pm!

New term, new values...

Next term both schools adopt their new values for the term.....

Curiosity

Raunds Park Infants will be learning all about being curious. Curiosity and interest in the world around them, being the best person they can be and being curious about people we meet and places we can go!

Forgiveness

St Peter's will be learning all about the Christian value of forgiveness and how it can be used to live a happy and fulfilling life. There are many examples in the Bible where forgiveness is

demonstrated, and we will be learning how to be more forgiving and understanding of others this term.

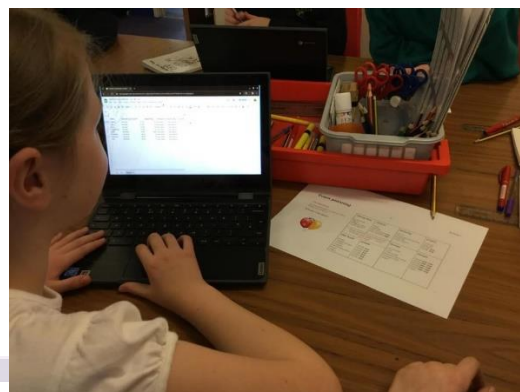

Any help you can give with pre-teaching these values with your children would be really beneficial and I hope this enables you to have some brilliant family conversations at home too!

Lord Sugar's next Apprentice...

Year 6 have finished their computing topic on creating spreadsheets for an event. They had to plan a party and stay within a set budget, we all know how hard that is! 🎉 Future business owners and accountants in the making. 😊

Venue hire	(Cost)	Activity	(Cost)
Activity hall	FREE	Discs	£20.00
Tables	£95.00	String games/cries	£20.00
